An impressive entry of some of the soundest Bulldogs I have ever judged. Most had the requisite broad powerful fronts, correct toplines and good hindquarters. Plenty of substance and strong bone was evident and I was delighted to have as many striking heads as I did. There were one or two animals with disappointing mouths. The presentation and condition of the dogs was first class, as was the movement

The top winners were typical with good head proportions, correct eye shape and colour, correct pigmentation. Body proportions were very good. A few otherwise good dogs were let down by poor movement and one or two were a trifle too long in body. All dogs were very well presented and shown.

Only one bitch but what a lovely representative of the breed. Dead grass colour, I loved here head, eye colour, and general conformation, she moved well, but was unhappy – perhaps being inside with all the noise upset her

In general, average quality. Head expression should be better. Coat texture and condition was normal. The Best of Breed had excellent head expression with an apple head (domed skull). Very good coat texture, well angulated forehead and hind leg. Very stable gait.

Not very many Chows present but the ones that attended the Show were really excellent. Beautiful heads with the correct "scowling" expression, clean eyes, strong muzzles, correctly coloured mouths and tongues. Some wonderful bone and fabulous coats. My winners also displayed the correct hindquarters with straight hocks which enabled them to move with the desired "stick" gait so characteristic of the breed

JUDGES CRITIQUE

Mrs Rose-Marie Cabion

Some quality cockers whose coats were well groomed and in good condition. Mostly well balanced bodies, excellent bone. Lots of typical heads with correct eye shape and colour, and tight eye rims, nice low placed ears. One or two bodies a little longer in the loin than I would have liked, and a number of good dogs could have done with tail set a fraction lower. Presentation and handling was excellent
